Kristine -

Please find attached an updated FS Revision Process Matrix. Changes since last Friday's matrix are shown in red. This week's changes reflect updates in information transferred between LWG and EPA. Please let us know if we have accurately captured the schedule and list of subjects for the upcoming technical meetings.

Also attached is a summary list of action items compiled from the last eleven technical meetings (COCs, PRGs, RALs, SDUs, Technology Screening Matrix, PTW, SMAs, Buried Contamination, Disposal Sites, CDF Treatment, Dredge Depths, Source Material). This update includes completion of some action items from recent meetings.

Let us know if you have any questions about any of this.

Thanks much.

Carl
